

We are for those, who are in Metal Cutting!

Started in 1999 at Pune, Accusharp Cutting Tools Pvt. Ltd; stands today as a leading company, in design, manufacture & supply of special cutting tools in HSS and Tungsten carbide for Automobile, Engineering, Textile, Energy Sector, Machine Tools Industries, etc. Our business objective is to assist customers for their productivity improvement coupled with reduced tooling cost.

Our business strength lies in 3-'P's - i.e. Products, Process, & People.

Products: Having quality to meet customers' expectations.

Processes: With modern equipment of high efficiency.

People: With competence and passion for the organisational objectives.

Professional team of competent application engineers provide unmitigated solutions for metal cutting processes for customers. Manufacturing setup consists of modern equipment, like, 5-Axes CNC Tool & Cutter Grinders - ANCA, WIDMA, Rollomatic, Strausak-, and Zoller Geninus3, & Rapid-I, as Q.C. equipment.

We strongly believe, that customer is our first concern. For a number of MNC's & OEM, as well as other satisfied customers, we have established strong support teams across India, and logistic network, a step closer to customers.

Accusharp Cutting Tools Pvt. Ltd. is a company certified for ISO: 9001-2008 for QMS.

Environment, Industrial Safety, Health of employees and Social Responsibility hold an integral part of all our business operations. We have been approved by a number of MNCs for their audits of Safety, Environment, Supplier Code of Conduct aspects. And this remains as our work culture.
